

The Purpose of this website is to give old **Kokkina warriors** (people who have served in the Kokkina Mountains in Cyprus for the United Nations) an insight into how some of us “old boys” keep in touch.

We do this – among other things – at the yearly Dancon meeting in Sønderborg.(Jutland)

Please read more on www.dancontraef.dk – here you can find all the relevant information -!

The idea for this web came up when we had established our Wizard’s Club in 1997. It is a club for Kokkina warriors who participate in the Dancon gathering in Sønderborg.

We are now a number of members (and three supporters) who do our best to make ourselves known at the get- togethers. We succeed rather well, so we think ourselves, at least!

Everybody who has served in Kokkina can become a member of the club!

New Memberships are made once a year – at the Sønderborg gathering – always the second weekend of July!

The board has decided to establish a section for passive members. This means that we have established a list of members who for some reason are not able to attend the Dancon meeting!

As a passive member you may have your own profile on the web, where you can tell us a little about your life after Cyprus.

You become a full member if and when you are able to attend the Dancon Meeting.

All you need to do to get on the list of passive members is to e-mail:

hedemann@mail-online.dk and give the following details:

full name

postal address

e – mail

year and date of birth

telephone

all missions and teams

And preferably a photo (not mandatory, but it is always nice to see the face!)

If you have any comments, please use the guestbook or mail
